product info

- Every single container we offer with a lid has multiple recycling options available
- All bins can have apertures for paper, glass bottles, cans, confidential paper etc... there is something for all recyclables!
- We even do modifications for our metal lids which are especially effective for the recycling of flammable items
- Every recycling lid can have a lock fitted
- All recycling options are very safe and user friendly
- Recycling signs are also available
- Recycling lids with signs are the most effective way to encourage recycling whilst preventing the contamination of recyclables
